Small group leaders are always looking for new materials to use, but never more diligently than as they prepare for the Lenten season. A new treatment of St. Bonaventure's writings, [*The Journey Into God: A Forty-Day Retreat With Bonaventure, Francis and Clare*](#), provides a wealth of content for this Lent. To add to the usefulness of this 40-day retreat experience, the authors have provided [a special section](#) to use as a resource with small groups. The authors outline six full meetings focusing on this work, complete with opening prayer, closing prayer, group reflections, discussion questions and song and Scripture suggestions. A great resource for group leaders looking for something a little more structured this Lent.
